ABOUT US:

Rajcoat was founded on the principle of providing every client with service that would set the benchmark for professionalism and quality.

Rajcoat operates throughout UAE with Headquarters based in Dubai. Since our modest start, Rajcoat has grown to a company of 40 dedicated professionals and 30 Support workers who strive to give the best service to each and every client. Today Rajcoat is the leading leader in quick response time to all service calls and is a respect expert conducting each job with cost effective strategies.

Our customers and employees are the two most important components of our business. Without either one, there would be no business. We think the formula is, creating an environment where both the employees and customers not only stay but refer their friends. We've made an effort to create that environment at Rajcoat.

As is their no better compliment to a Company than to have their customers recommend them to other businesses. Rather than spend thousands on expensive advertising campaigns. Rajcoat has been able to satisfy their customers to the point where our customers do our advertising for us! Infact, many of the customers that were serviced when the company began in 2016 are still happy

customers today. Our team approach of doing whatever it takes, as quickly as possible, to the best of our ability has been the key to our continued success.

SPECIALISED SERVICE

Rajcoat can also provide the following services at your request

- ▮ Design & installation of Electrical Services and Maintenance

COMPANY SERVICE

90% of all clients would like their order delivered yesterday. At Rajcoat, we understand this simple fact and have built our business around it. And while we can't alter time, we can provide swift assistance, attention to detail, and delivery at the earliest possible moment.

Our materials are delivered on time and at an affordable price. Rajcoat arranges for the delivery and off-loading of your order directly at your job site.

Whether you are working in new construction or on maintenance jobs, Rajcoat pledges to fulfill your order in the minimum possible time. At Rajcoat, our experienced personnel work with you, starting from blueprints and plans for your next job, to develop a quick and accurate quote.

All you have to do is simply call us & order!!!!!!!!!!!!
